

Scandinavian Film Festival L.A.

January 6, 12, 13, 2007

Writers Guild Theater, Beverly Hills

*"Where Nordic film
winters in Southern California"*

Dear Friends

The most important part of "lights, camera, action" is reaction! And that is your domain. We annually offer opportunity for you to immerse yourself in the offerings of Nordic film makers to "stir you up!--titillate, tantalize, tempt, taunt, touch, and transport! Love it! Hate it! Devour it! Debate it! Laugh, cry, project, remember--we want to move you.

To our "regulars" and to those newcomers for whom Nordic film is a virgin spring of discoveries-- welcome! For eight years now Scandinavian Film Festival L.A. audiences have **reacted** to the opportunity at hand--and perhaps taken even further the on-going advantage of film as a "shared experience." Thank you for sharing the journey and supporting the festival! Your support is what makes this annual "residency of Nordic film in the film capital of the world" possible. And what is film about, if not possibilities -

This festival's path and program offers you as many as possible of the Nordic Oscar submissions-- along with outstanding current feature films from Denmark, Finland, Iceland, Norway, and Sweden. We also give you a taste of shorts and documentaries. While we "navigate" like the Vikings of yore via northern stars---and Nordic perspectives--the real discovery via these filmic constellations is our common humanity.

There is an aspect of film that allows an individual to experience anonymously - But film also brings people together -- whether it's in the theater or in the ensuing discussion. It's our goal to keep the conversation going--(with a Danish, Finnish, Icelandic, Norwegian, or Swedish accent!)

We ask only that you enjoy (and support) the experience-- and help us keep this annual "residency of Nordic film in Southern California" a part of the wonderfully diverse Southern California cultural scene for years to come.

In the meanwhile,"we're rolling"--- so enjoy the show!

Jim Koenig
Founder/Director
